Reuse Cycles: >1000

Temperature

Operating Temperature : -18°C (0°F) to 49°C (120°F)

Ordering Information

Description	
Hook & Loop Roll - Black	
Item Number	Product Dimensions
HLROLL25BK	3/4"W X 25ft L
HLROLL50BK	3/4"W X 50ft L

Applications

This commercial grade hook & loop material is ideal for general purpose, indoor use to bundle and secure cables together in cable pathways and cable management within cabinets or racks. This 3/4" wide hook & loop material can be cut to length and reused when adding or removing cables from the bundle.

Description / Specifications

Vericom hook & loop rolls come in 25 and 50ft, 3/4" wide, and 0.10" thick in black.

Features & Benefits

- Cut to length and reuse to minimize waste
- One part number for all bundle sizes for simplicity
- Multiple sizes to suit the project size
- Easy access to cable bundles for easier MACs
- Packaging: Sold Individually
