VERICOM®

Standard Single Gang F-81 Faceplates

Description / Specifications

Vericom standard single gang F-81 faceplates are molded out of proprietary impact resistant plastic.These faceplates provide quick connection and support for a single or a dual F-81 coaxial cable connection.These faceplates come complete with mounting screws.

Features & Benefits

- Pre-installed single or dual F-81 connectors

- Flush mounting for an aesthetic look

- For Satellite TV, Cable TV and CCTV applications

- Includes screws for mounting

- Available in Black, Ivory, Light Almond, or White

Applications

These standard single gang F-81 faceplates offer connectivity for most satellite, cable, and CCTV applications requiring a single gang size and are ideal for situations requiring a flush mount.
