VERICOM®

VW8 Series Wall Mount Cabinet

Benefits

Security & Protection

- Lockable doors and side panels prevent unauthorized access to equipment

- Door is grounded to the cabinet frame

Flexibility

- Top panel is stamped for the addition of two fans

- Doors and side panels are removable for convenient access to equipment

Multi-Use

- Adaptable for use in network, security and audio/video installations

Key Features

- Removable and Reversible Locking Front Door with 180° Swing (Available in Steel Mesh or Tempered Glass)

- Top and bottom panel each have a knock-out type cable entry holes

- Adjustable mounting rails can accommodate a wide range of equipment depths

Description

At 18" depth, our VW8 Series Wall Mount Cabinets are ideal solutions for small installations where space is limited and requirements for equipment storage is minimal.

These compact yet durable cabinets ship flat packed to minimize freight, are easy to assemble and install, and can support up to 132 lbs.
